

Liv SXinney

The Foundation Product
Get it. Drink it. Lose it.

Liv SXinney is a concentrated blend of chlorophyll and fulvic minerals. You add the concentrate to water and drink it all day long. It balances your energy levels, gives you the needed minerals your body needs to feel healthy, and it tastes great. Drinking **Liv SXinney** literally floods your body with optimal nutrition.

Benefits of Chlorophyll and Fulvic Minerals:

- Deodorizes, detoxifies, and balances energy levels
- Antioxidant and anti-inflammatory properties
- Maintains proper body system balance
- May improve immune system response
- Helps to reduce cravings for sweets

There is so much that can be said for this product: how it hydrates your body, taking away thirst cravings that can often be mistaken for hunger pangs. When you drink **Liv SXinney**, you are retraining your body to know the difference between thirst and hunger.

Another huge plus in **Liv SXinney** is the fulvic minerals. Our soils have been so depleted over the years by over-farming, the use of inorganic fertilizers and pesticides, that even the very best fruits and vegetables do not have the minerals that we need on a daily basis. The body's weight-related functions, like appetite, hunger, metabolic rate, metabolism of fats and sugars, blood-glucose levels, calorie-burning, and so on, operate more efficiently when we have an optimum intake of minerals. **Liv SXinney** is full of fulvic minerals which are harvested from ancient plant beds rich in the minerals we need. When you drink **Liv SXinney** all day long, you are flooding your body with a constant source of healthy minerals.

Liv SXinney is bursting with chlorophyll and what it does for the human body is amazing. It helps increase stamina and endurance which will help your success with a regular exercise program. When you drink **Liv SXinney** all day long, your body remains hydrated, mineral levels remain steady, and this gives you an excellent foundation upon which to build the **LivFit Liv SXinney LifeStyle**.

Instructions:

Mix 2 oz. of **Liv SXinney** in 32-64 oz. of water. Drink all day long. Use in conjunction with other **LivFit Liv SXinney** products.

Ingredients:

Fulvic Mineral Concentrate, Chlorophyllins, Purified Water, Methyl Paraben, Spearmint Oil, Propyl Paraben, and Stevia
